

FAMINE AND CRIME RAMPANT IN AUSTRIA

Striking Characteristic of the Country Is Utter Lack of Control by Authorities.

London, Aug. 22.—Famine, crime and disorganization is rampant in Austria, says W. Czerniewski, a Polish editor writing in the Pall Mall Gazette. Polish papers show, declares Czerniewski, that the president of the Cracow council officially announced that the authorities no longer could guarantee the peace and safety of the population. Prisoners have been released from jails owing to the inability of the authorities to provide food for them. According to the Polish editor, a Polish officer who recently arrived in London, substantiates the reports of crime and disorganization.

"The striking characteristics of Austria," declares this officer, "is the utter lack of control by the authorities. The government is powerless. Lemberg is overrun with deserters and prisoners of war. Despite frequent wholesale round-ups and arrests, murders and robberies have received no check. The famine has brought about disorganization in the ration card system, the rich buying openly without coupons. The public blames Germany for this condition. Soldiers in the Austrian army speak openly of the coming war between Austria and Germany."

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and your baby will be a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." —(Adv.)

CHICAGO COUNCIL PASSES TRACTION ORDINANCE

Those Voting Against Mayor
Thompson Hold That Mat-
ter Is Up to People.

Chicago, Aug. 22.—By a vote of 11 to 19, the city council yesterday passed the traction ordinance over Mayor Thompson's veto.

The vote served to show the council's attitude toward the charges of State's Attorney Hoyne that money was used to influence the aldermen. Those who voted to override the mayor declared that the measure simply is up to the people for referendum and that if Mr. Hoyne should find actual proof of bribery, that fact will be known before the people vote in November.

The ordinance carried with three more affirmative votes than were recorded at the last session, when the measure first was passed.

Mayor Thompson appeared before the council in vetoing the ordinance. He read a long statement, in which he declared the bill had a "suspicious backing because of the ease with which it was passed on its terms had been reached, because it had all the earmarks of a frame-up and because an influential portion of the public press has been subsidized and corrupted to conceal the viciousness of the ordinance and suppress the truth as to its real provisions."

"It smacks of treachery to the people and the deliberate selling out of a public trust," part of the message read. In his own words, the mayor charged that the ordinance was the "most odorous, objectionable and reprehensible piece of legislation ever heretofore enacted by a municipality."

The council took five hours to answer the mayor's veto and openly declared that he and Mr. Hoyne were trying to keep the traction question in politics.

Walter L. Fisher, the city's special traction counsel, was denied a hearing by the mayor when the council asked that he be allowed the floor to answer to legal and other arguments in the veto. The mayor accused Mr. Fisher of representing "organized wealth."

After the meeting, Mr. Fisher said: "William Hale Thompson, the man, is beneath my contempt. His dirty, cowardly slur requires no answer from me."

He also tells of a visit to a base hospital. "While there I saw several of the boys who had come back from the front," he says. "Some had limbs off and some hands, others had been wounded in the arms, but most of them were gassed. The Germans are using quite a lot of gas."

HUN PRISONERS DOG-TIRED; SOLDIERS SAY THEY'RE TRICKED

New York, Aug. 22.—Soldiers of the German army are still ignorant of the causes which led America to enter the war, according to J. J. McGraw, republican national committeeman from Oklahoma and member of the supreme board of directors of the Knights of Columbus, who has just returned from a two months' tour of the fighting front in France.

Mr. McGraw declared that when he told one German officer, who was a prisoner, one of the outrages which drew America into the war, the officer said he had not heard of them and added, "We are being tricked."

Describing a visit to a prison camp, Mr. McGraw said the German prisoners ranged in age from 17 to 49, and had a "dog-tired, hopeless expression."

"The Hun saw have been tricked properly and well," Mr. McGraw added. Mr. McGraw brought back messages to Col. Roosevelt from his wounded sons, Maj. Theodore Roosevelt, Jr., and Capt. Archie Roosevelt, whom he saw in Paris hospitals.

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.
